Abstract
This paper outlines the status of the UBACyT project "The recovery of clinical records of Psychology, Psychiatry, and Psychoanalysis (1900-1960)”, (Code 00752). The project aims to contribute to the gathering of and the enquiry into a corpus of clinical document of these disciplines, thus providing a better understanding of the interaction between them from 1900 to 1960.

Keywords
History, Psychology, Psychiatry, Clinical cases.
